

AKSHAY SRIVASTAVA

Fukuoka, Japan | +81-90-1365-6148 | akshay.srivastava543@gmail.com | LinkedIn: [linkedin.com/in/akshay543/](https://www.linkedin.com/in/akshay543/)

PROFESSIONAL SUMMARY

Engineer with an IIT postgraduate background and 4+ years of experience across manufacturing, research, and international business roles.

Currently building hands-on capability in Python-based data analysis, SQL, statistics, and supervised machine learning through structured training and projects, with experience working on imperfect, real-world operational data. Seeking an entry-level to junior AI / ML / Data-oriented role in Japan.

CORE & TECHNICAL SKILLS (Hands-on & Developi2ng Proficiency)

- **Programming:** Python, SQL, Excel VBA
- **Data Analysis:** Pandas, NumPy, Matplotlib, Seaborn, EDA, Feature Engineering, Data Cleaning
- **Machine Learning:** Regression, Classification, Clustering, Model Evaluation, Cross-Validation
- **Algorithms:** Linear & Logistic Regression, KNN, Decision Trees, Random Forests, K-Means, PCA
- **Deep Learning:** Neural Networks, CNN basics, Transfer Learning concepts
- **Tools & Foundations:** Jupyter Notebook, Git/GitHub, Scikit-learn; Algebra, Probability, Statistics, Algorithms

AI/ML TRAINING

AI / ML Engineer Program – Apna College (*Ongoing since Nov 2025*)

- Python for Data Science; Data Collection, Cleaning, Visualization
- Supervised & Unsupervised Machine Learning; Model Evaluation
- End-to-end ML project development; Intro to Deep Learning

WORK EXPERIENCE

KUKEN INDUSTRIES, FUKUOKA, JAPAN

International Sales Engineer, Company Headquarters, Fukuoka City | 2024-now

- Analyzed technical and operational data to support decision-making for cooling tower projects overseas.
- Acted as a bridge between customers and production teams, translating requirements into technical inputs.

Production Engineer, Manufacturing Facility, Miyawaka City | 2022-24

- Worked on component design and production processes, ensuring accuracy, and performance consistency.
- Built Excel VBA-based automation tools to validate calculations and reduce manual errors.

Technical Analyst (Remote) | 2021-22

- Conducted structured data analysis and market research to support engineering and business decisions.
- Improved data organization, documentation quality, and analytical reporting for downstream use.

AMPRG RESEARCH GROUP- IIT GANDHINAGAR, GUJARAT, INDIA

Postgraduate Researcher | 2020-21

- Designed and executed data-driven experiments, collecting structured datasets under controlled conditions.
- Applied statistical analysis to evaluate material performance and process stability.

EDUCATION

INDIAN INSTITUTE OF TECHNOLOGY (IIT) GANDHINAGAR, GUJARAT, INDIA

Master of Technology, Materials Science and Engineering (*CPI 8.38/10*) | 2018-20

- Strong emphasis on data-driven experimentation, modeling, and validation.

UTTARAKHAND TECHNICAL UNIVERSITY, UTTARAKHAND, INDIA

Bachelor in Technology, Production Engineering (*76.45%*) | 2014-18

- Institute Scholarship holder; Top 10% of the class; 95.53 percentile in the National Graduate Aptitude Test.

SHANGHAI JIAO TONG UNIVERSITY (SJTU), SHANGHAI, CHINA (ONLINE)

International Summer School, Advanced Functional Materials | 2020

- Awarded best poster, most popular poster for master's research, and runner-up position in group presentation.

LEADERSHIP AND LANGUAGES

- Leadership and Volunteering: Teaching Assistant, IIT Gandhinagar | Youmakeit (NPO), Japan | Student Senator
- Languages: Japanese (JLPT N2), English (Fluent), Hindi (Native)
